Now along toward the end of this
week of grip that holds on by day
& night like grim death on top of my
other general tribulations — I send you
a little "Bruno" by Prof. Brinton here
(do you know him?) of the School of the
great modern scientists & progressive
metaphysicians — I sh^d probably have to give
up reading my Death of Lincoln paper 15th
tho' I wanted to muchly — I don't think
any thing really serious hits me —
